**SEIKLUS •
HUNDI
ROGAIN**

Rogain is a team orienteering competition where the aim is to collect as many points as possible while visiting as many control points spread across the terrain as possible during the given time frame.

The amount of points received from a single control point differs by the location and accessibility of the control point. The order of visiting control points is not marked which means every team chooses its own route. There is no minimum amount set for control points to be taken - every team chooses the route and amount of control points according to their skills.

STIHL x Seiklushunt rogain series 2023 (time and place):

1. Valga-Valka rogain, 1st of April
2. Järvselja rogain, 10th of June (Tartu county)
3. Narva-Jõesuu rogain, 26 of August
4. Kääriku rogain, 22nd of October (Near Otepää)

At the beginning of the competition week, the additional information about every individual rogain event will be added.

Timetable:

- 10:00 Event center is open, race material handout
- 11:10 Briefing about rogain (for the beginners and if you have questions about map etc..)
- 11:30 Map handout to all the classes
- 12:00 Start for main classes
- 14:45 Control time ending for the family class
- 14:45 Control time ending for the bicycle class
- 15:00 Control time ending for the main class
- 15:30 Award ceremony for the main class (approximately)

Showers and catering:

There is a showering/changing facility in the competition center.

There will be hot meal and a bottle of water for the participants after the finish.

Classes, conditions, check time:

Teams of 2-5 members can participate. Control time for the main class is 4 hours, for the bicycle class 3 hours and for the family class 2 hours.

Class	Conditions	Control time
MM	Main class men	3 hours
NN	Main class women	3 hours
MN	Main class men and women	3 hours
MM45	Men born 1978 and earlier	3 hours

NN45	Women born 1978 and earlier	3 hours
MN45	Men and women born 1978 and earlier	3 hours
BICYCLE	Regardless of gender, with bicycles	2.5 hours
FAMILY	No age limit, from at least two different generations OR all team members should be from one family (born 2007 or earlier), bikes are allowed	2.5 hours

Prizes:

The three best teams of every class (MM, NN, and MN) will be awarded. In other classes, only the winners will be awarded except in family class where lottery prizes will be given.

The winner of the whole series will be determined by adding ranking points from all the individual events. Records are kept based on team name and following three important rules:

1. Team name must be the same in all separate events.
2. At least one team member must be the same as in the last event!
3. Event class must be the same in all events!

Punching system:

SPORTident punching system will be used in every class. SPORTident card can be rented from the organizers (2€). In family class, the SPORTident rent will cost 1€.

All participants must attach the SPORTident device with a non-removable wristband. Wristband will be given from organizers with other competition materials. In family

class, only one member must attach the SPORTident device with a non-removable wristband. All members of a team must visit the control point for the team to receive points of that control point within 60 seconds, starting from registering the first SPORTident device of the team. As there are more than 30 control points on the terrain, SI-cards with capacity for at least 50 entries are needed. This means SPORTident devices with numbers 1 - 499 999 and 2 000 000 - 2 999 999 cannot be used. Capacity protests will not be upheld later.

Notice! The finishing time for each competitor will be marked when the very last registration with the SPORTident at finish station is done.

Competition rules:

- The aim of the competition is to collect as many points as possible while visiting as many control points spread across the terrain as possible. It can be done either on foot or by bicycle within the given time period.
- The amount of points for a checkpoint differs by difficulty and distance (from 2 to 5) according to the first digit of the control point number (e.g. control point 47 gives 4 points). The amount and order of the control points collected is free to choose by the team.
- Competition materials include bib-numbers, protective film for the map, wristbands to attach the SPORTident devices - one per team member.
- The wristband must remain intact and around the wrist when it gets to the finish.
- In the main class, the course is open for 4 hours, in the “bicycle” class the course is open 3 hours and in the “family” class the control time is 2 hours. Exceeding the control time results in a penalty of -1 point for every minute exceeded (e.g finishing the bicycle class with 3:00:34 time gives a penalty of -1 point). Exceeding the check time for more than 15 minutes results in disqualification.
- The points collected after deducting the penalties will determine final ranking. With the same amount of points, the faster team ranks higher. Finish time of the team will be calculated after the last participant of the team has registered the SPORTident device.
- During the competition (from the start until the finish), all participants must wear the bib-numbers visible. If one or more members of the team wish to discontinue the competition, the team must return to finish and the whole

team must end the competition. Only maps handed out by the organizers may be used during the competition with the help of a compass and a wristwatch.

- The use of other navigation devices and programmable devices is prohibited and will result in disqualification.
- Areas streaked in red or olive green on the map are prohibited to enter by all the participants. These are private areas, please respect the privacy.
